PARK DEPARTMENT SUMMARY

The Park Department oversees the facilities and programs of the Park system to provide a safe and aesthetic recreational environment. Activities include maintenance of park grounds and facilities; recreational activities for all ages, including recreation centers, playing fields, swimming pools, tennis courts, golf courses, and Botanica.

Budget Highlights

The adopted 1988 budget reflects an increase of \$245,303 (3%) in the the 1987 budget.

- Personnel costs represent 75.6% of the total Park budget.
- Tax support for Botanica is \$107,900 and will fund the director, one gardener position, a part-time secretary, a part-time custodial worker, and utilities. Botanica revenues in 1988 are projected at \$15,000.
- The Landscaping and Forestry budget contains \$18,000 for new tree planting.
- Increased participation in Park recreation opportunities is the goal of a new \$10,000 advertising program (offset from revenues). More advertising of City and other recreation/entertainment opportunities in Wichita is proposed in the Strategic Agenda.
- Electricity and natural gas costs are reduced \$105,000 (16.6%), as part of the City-wide energy management program.
- A \$20,000 self-sustaining "Golden Age" travel program is included.
- Replacement of Park equipment is budgeted at \$79,220.
- Cost savings from acquisition of three ozone water treatment units at swimming pools (at a cost of \$15,000) will pay for the units after four years.

GOLF COURSE SYSTEM SUMMARY

The Golf Course System consists of four 18-hole golf courses: Alfred McDonald, L. W. Clapp, Arthur Sim, and Pawnee Prairie courses. As a utility, the system depends on user fees to support all operating and capital costs.

Budget Highlights

The total adopted 1988 budget increases \$275,459 (20%) over the 1987 budget.

- Personnel costs represent 33% of the total budget.
- Capital outlay includes \$84,000 to replace equipment and \$30,000 for erosion control material and improvements to greens, tees, and fairways.
- Commodities for pesticides, herbicides, seed, fertilizer, erosion control and irrigation system repair have increased by \$20,000 over 1987.
- Administrative costs attributed to the operation of the golf courses are now being charged to accurately reflect operational expense.
- A study of the entire golf course system by a professional consultant is underway. Specific system improvements will be identified through that study.
- The golf course system's sound financial condition is reflected in projected cash of \$418,559 (included in the budget total), allowing for improvements to be made, as required.
